3112

RECMAR's EASY-GLIDE™ vertical surface mount curtain track provides a low profile solution where snap carriers and tape are preferred. The flexibility of this track allows arching and bending during installation. It is non-corrosive, and the carriers travel smoothly from end to end. Available in four colors. One way or two way hand draw.

3116

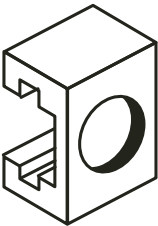

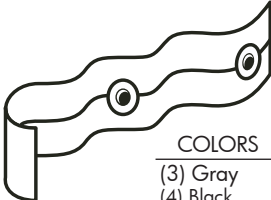

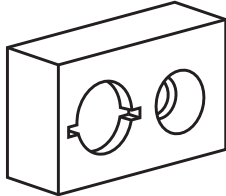

RECMAR's heavy duty vertical surface mount VSM EASY-GLIDE™ Curtain Track is an outstanding option for snap tape applications. Provides added wall clearance versus similar tracks. The track's strength is surpassed only by its appearance. Snap carriers glide smoothly and easily on this track. One way or two way hand draw.

RECMAR's Heavy Duty SLIDE-RITE™ Curtain Track is a durable one way or two way hand draw track with two different carrier systems to meet your exact needs. Crafted with premium quality aluminum to exacting standards. Apply the popular long snap carrier with snap tape, or the double wheel carrier with wrinkle band tape and hooks for a refined, ripple-fold look.

RECMAR's double flanged I-Beam REC-TRAK™ Curtain Track and accessories are perfect for a host of design challenges. Manufactured from the finest grade aluminum and anodized for beauty and long life. REC-TRAK's lateral flexibility makes it easy to bend by hand down to a radius of two inches. Combining this trait with its light weight and vertical strength, it makes the track ideal for professional or do-it-yourself installation.

4148 - 4196

RECMAR's sleek and stylish L Beam Curtain Track Kits come completely assembled, with pre-punched installation holes on eight inch centers, along with nylon wheel carriers and end stops. Simply insert drapery pin hooks into rings on the nylon wheel carriers or eye slides, allowing for friction free travel across the track. These durable, mill finish aluminum tracks will last a lifetime. One way or two way hand draw, with no cords to break or tangle.

4200

RECMAR's versatile L Beam Curtain Track provides ease of installation by providing I Beam functionality while eliminating the need for mounting brackets. These mill finished tracks are strong despite their small stature, and are crafted from high quality aluminum. The nylon wheel carriers and eye slides roll friction free along the track. One way or two way hand draw.

4372

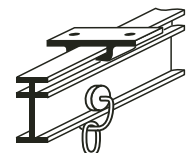

At last, a quality 72 inch shower curtain track that you can install yourself. Finest grade aluminum track that is satin finished and anodized. The track will bend laterally to a two inch radius and vertically to fit flat against the ceiling. Arcing the curtain provides extra room in the shower. Plated brass nylon wheel carriers roll friction free. Each carrier has a plastic shackle that attaches to the shower curtain with stainless steel screws. Completely assembled and ready to install. Installation instructions included.

PATENTED DESIGN

RECMAR's VSM™ Curtain Track's unique design makes this system simple to install. The patented carrier and end cap have integral studs that fit easily into the popular DOT/Scovill and other brand female sockets that are used extensively in the drapery, apparel, sporting goods, and marine industries. This system eliminates the need for pleating or snap tape. The beautiful anodized satin finish offers the track long lasting protection.

THE CURTAINMATE TRACK WILL ACCOMMODATE A SEVERE BEND OR A MAXIMUM ARC OF FIVE INCHES.

ARCS 5 INCHES PER 36 INCH LENGTH

SNAP CARRIERS EASILY SNAP ON AND OFF FOR CLEANING

UNIQUE TRACKS AND END CAPS FIT FIRMLY TOGETHER TO FORM ANY DESIRED LENGTH UP TO 72 INCHES

The CurtainMate 5400 track is molded of the highest quality plastic and serves as a multipurpose drapery track system. Installation holes are molded every nine inches, with optional blind holes in the underside midway between each of the installation holes. The unique overlap design of the 36 inch track allows multiple pieces to be securely adjoined end to end without affecting the movement of the carriers. Its compact size, thin profile, decorator style, and range of colors make this a popular design item.

Installation is easy for both Do-It-Your-Selfers and professionals. Popular system for boat, RV, truck sleeper cab, airplane, and train applications. Complies with FMVSS-302 Flammability Standards.

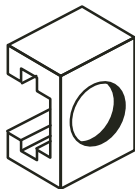

FEATURES:

- Mottled leather-like finish
- Made of durable ABS plastic
- Flexible ABS track bends to a fifteen inch radius or arcs five inches per 36 inch length
- Drapes snap on and off for cleaning
- 36 inch track fits firmly from end to end for longer lengths
- Installation holes on nine inch centers
- Thin 3/8 inch profile
- Quickly and cleanly cut to length
- Easy installation and maintenance
- Available in seven colors

SEE INSTALLATION AND FABRICATION INSTRUCTIONS NEXT PAGE

SNAP CARRIER

Glides easily over the track. Rust proof and non-corrosive, these carriers can be snapped on and off track after installation.

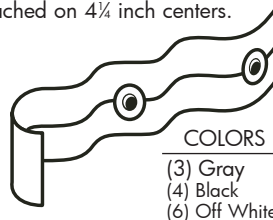

PART #	DESCRIPTION	QTY.
3070	Acetal Plastic, Bag	14
3071	Acetal Plastic, Bulk	1000

Colors: (1) White, (4) Black

SNAP TAPE

Heavy duty 1 inch wide webbing, featuring triple plated brass snaps permanently attached on 4 1/4 inch centers.

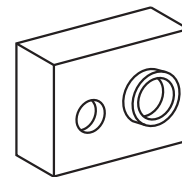

COLORS
(3) Gray
(4) Black
(6) Off White

PART #	DESCRIPTION	QTY.
3090	1 in. x 4 1/2 in., Bag	1
3091	1 in. x 100 yards, Bulk	1
3091Y	1 in. x 1 yard, Bulk	1

Note: 4 1/4 in. Snap Spacing

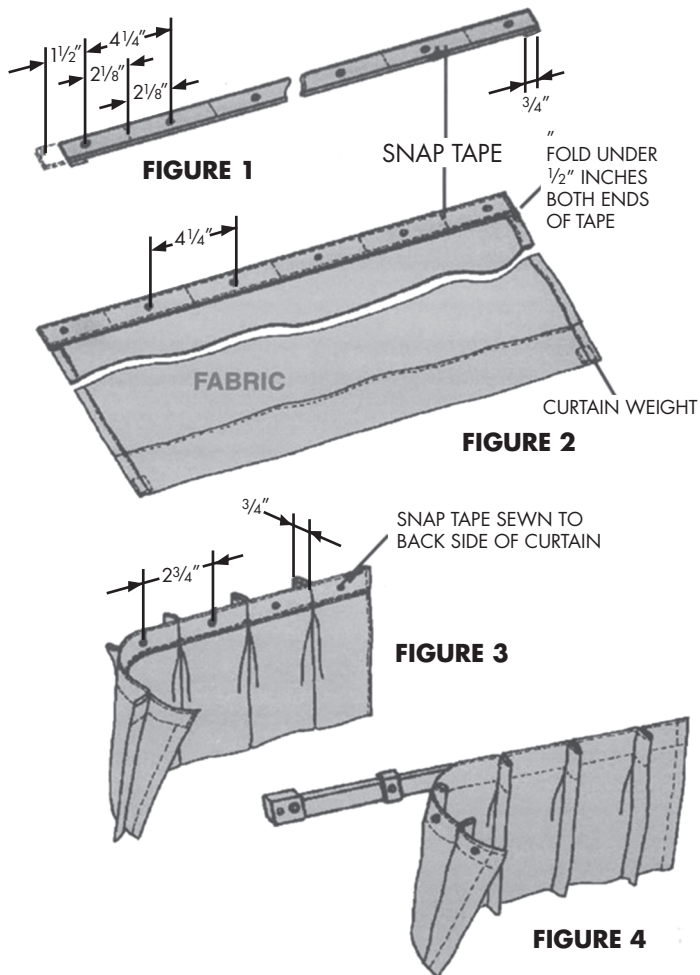

TRACK MOUNT END CAP

Rust proof and non-corrosive. Functions as end stop, finishing cap, track end, and curtain anchor.

PART#	DESCRIPTION	QTY.
5034	ABS Plastic, Bag	2
5035	ABS Plastic, Bulk	1000

Colors: (1) White, (2) Brown, (3) Gray, (4) Black, (21) Tan, (24) Dark Desert, (25) Dark Slate

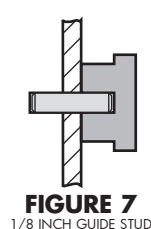

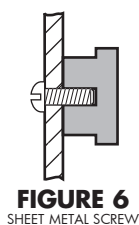

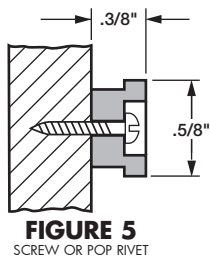

DRAPERY FABRICATION INSTRUCTIONS

1. For 60% fullness drapes and 3/4 inch deep pleats, estimate your materials requirements (carriers, snap tape, and hemmed flat fabric width) with the Worksheet below.
2. Cut fabric panel to correct size and sew 1 inch hem at top and each side, and a 4 inch hem at the bottom. Place a curtain weight in the hem at each bottom corner (Figure 2).
3. Cut snap tape, center it on heading. Fold ends under 1/2 inch and mark the pleat locations half way between each snap. Sew snap tape to the curtain heading (Figure 2).
4. Fold a 3/4 inch pleat into drape at each mark on snap tape. Stitch the pleat into the drape by sewing down the width of the heading 1 inch (Figure 3).
5. Attach draperies to track by snapping each snap into a carrier or end stop (Figure 4).

MATERIALS WORKSHEET

Window Width	_____	inches
Divide by 2.75	_____	
Round Up	_____ + 1	= Carriers Needed
Multiply by 4.25	_____	
Add 3	_____	= Length of Snap Tape Needed
Subtract 1	_____	= Width of Hemmed Fabric Needed
EXAMPLE:		
Window Width	30	inches
Divide by 2.75	10.9	
Round Up	11 + 1	= 12 = Carriers Needed
Multiply by 4.25	46.75	
Add 3	49.75"	= Length of Snap Tape Needed
Subtract 1	48.75"	= Width of Hemmed Fabric Needed

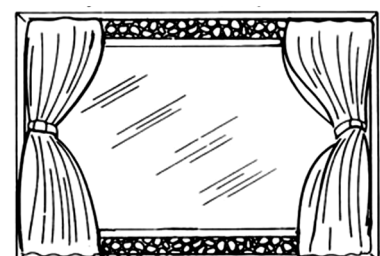

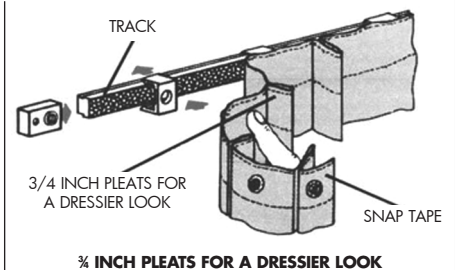

INSTALLATION OPTIONS AND GUIDE LINES

CurtainMate is installed directly to the wall or bulkhead with screws or pop rivets (Figure 5), and may also be secured from behind with sheet metal screws or 1/8 inch guide studs (Figures 6 and 7). The track is 3/8 inch wide and projects 5/8 of an inch.

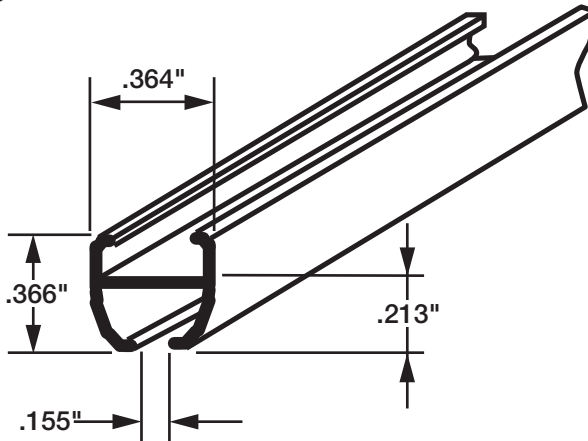

Install carriers and end-stops as shown. Allow 3/8 inch to install end cap. Sew snap tape to curtain heading and snap curtain onto carriers. Unsnap curtains for cleaning.

CurtainMate curves easily by hand and will accommodate a severe bend or a maximum arc of five inches. When installing near maximum arc or severe bend, relieve stress by warming the track in hot water prior to installation.

CURTAINMATE MAY BE INSTALLED AT THE TOP AND BOTTOM OF CURTAINS.

32124

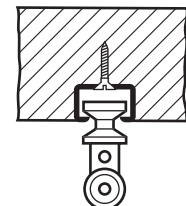

When strength is needed in a stylish, compact design, RECMAR's medium duty Low Profile Curtain Track is the answer. The aluminum is anodized to a satin finish and will not rust. Three compatible carrier options are offered. The track can be bent to a 12 inch radius, and pre-bent 90 degree elbows are also available. Mount tracks end to end for longer applications. One way or two way hand draw.

52124

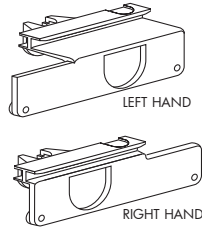

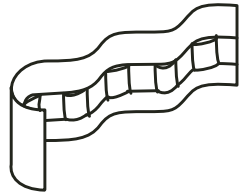

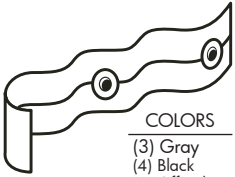

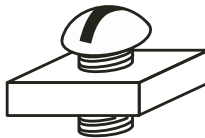

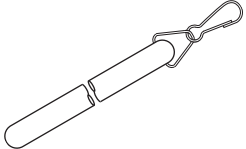

Recmar's Distinctive Hand Draw Curtain Track provides four carrier options. This versatile track can tackle virtually any commercial or residential ceiling mount application. Anodized with a satin finish, its appearance is topped only by its durability. The track can be bent to a 12 inch radius, and pre-bent 90 degree elbows are also available. Mount tracks end to end for longer applications. One way or two way hand draw.
